5. Entry Process

Athlete Eligibility

All entered athletes in the Lonato 2018 World Shooting Para Sport Championships must be licensed by the final entries deadline. Athletes' entries not meeting this criterion will be rejected by World Shooting Para Sport.

Minimum Qualifying Score (MQS)

In order to be eligible to compete, athletes must have obtained an MQS at a previous WSPS Para Trap competition. The score for each discipline is outlined in the table below:

Event	Discipline	Gender	Class	MQS obtained 2017-2018
PT1	Trap Seated	Mixed	SG-S	60
PT2	Trap Standing (Lower Limb)	Mixed	SG-L	70
PT3	Trap Standing (Upper Limb)	Mixed	SG-U	65

Authorized Organization for Entry Registration

All athletes must be entered by their respective NPC's or organizations authorized by the NPC and accepted by World Shooting Para Sport

Entry Restrictions

1) Maximum number of athlete entries per NPC event

The maximum entry per NPC is four (4) "full" participants per event (athletes eligible to progress to the final, and to obtain records and ranking).

NPCs may additionally enter an unlimited number of "MQS-only" athletes (athletes are eligible to obtain qualification scores to be recognized for MQS, but cannot progress to the event final or obtain records or rankings).

However, in case of insufficient firing points this number may be restricted by World Shooting Para Sport, in a timely manner.

When entering more than 4 athletes to an event via the Online Entry System, the NPC should contact World Shooting Para Sport after making the online entries, confirming which athletes are to be entered as "full" entry and which as "MQS" only.

2) Maximum number of starts per event

The maximum number of starts per event is the number of the athlete entries that can be accepted per event; this calculation is based upon range capacity and the competition schedule.

Event	Max number of squads	Max number of starts
PT1 (Trap 1)	30	180
PT2 (Trap 2)	30	180
PT3 (Trap 3)	30	180

If the maximum number of starts is reached during the Final Entry Process:

-the number of “MQS only” may be limited to allow space for entry of “full participants”

-a waiting list may be established and, in case of subsequent entry cancellations, entries from the W.L. will be accepted on a first-come-first-served basis

Preliminary Entries (Entry by Number)

IPC Member Federations entering the Lonato 2018 World Shooting Para Sport Championships must submit the Preliminary Entries not later than 2 AUG 2018.

Please use the World Shooting Para Sport Online Registration Service outlined in the SDMS information packet.

Final Entries (Entry by Name)

World Shooting Sport Member Federations must submit their Final Entries directly into SDMS. The Final Entry Deadline is **2 SEP 2018**. All entries must be made using the SDMS system.

A Late Entry Fee of EUR 50,00 will be charged per each additional athlete entered. The amount will be invoiced to NPC by Local Organizing Committee.

Entry Changes

1) Replacement entries may be accepted in the same event only due to injury of medical reason. The NPC must submit a valid medical report to World Shooting Para Sport office for approval.

2) Substitution of an athlete (in a team only) by another athlete already registered in that event can be made not later than 30 minutes before the scheduled start time for that event (ISSF Rule 6.6.5.b) but only if the requested change does not cause any conflict with ISSF Rules 6.6.6.g (if more than one relay is used in team competitions, then team members must be distributed equitably between the relays) and therefore 6.6.5.a (Start lists with firing point and relay allocations must be published and distributed not later than 4.00 PM on the day before Pre-Event Training for that event).

No Visa will be granted upon arrival at the airport.

Custom Formalities, Import of Firearms

A maximum of three (3) shotguns and 1200 cartridges are allowed to enter in Italy for sport competitions.

European Union nationals holding a “European Shotgun Certificate” can import to Italy their firearms without an auxiliary permission; however they are requested to fill in the “Firearm & Ammunition Form” for Local Police security reasons. Upon receipt of the form duly filled in, the athletes travelling by plane will receive a nominative invitation letter to show the Police and Customs Authority together with the European Shotgun Certificate at arrival.

Athletes, NOT holding a “European Shotgun Certificate” immediately upon receipt of the “Firearm & Ammunition Form” duly filled in, will be sent the FITAV permit to be shown the Police and Customs upon arrival in Italy.

All the athletes travelling by plane have to fill in an additional double copy declaration on arrival at the Italian airport. (As complimentary O.C. staff members will do it on their behalf).
This form, together with the FITAV permit, at departure from Italy, must be returned to the Police Officers.

[This paragraph might be subject to amendments independently from the means of transport. In that case, the Organizing Committee will immediately inform all the IPC Member Federations.](#)

Non-European Union citizens are also advised to take with them a copy of their passport which will be handed to the Police station together with the other forms at arrival, in order to speed the procedure.

Please DO NOT send any passport copy to the Organizing Committee

Police and Customs firearms formalities will take place upon arrival at the first airport on Italian National Territory and at the last one at departure.

The Organizing Committee will not be responsible with the Italian Police at the airport for any incorrect information provided by the NPC related to firearms and ammunition.

Any request to change the shotguns details after the deadline must be notified to the Organizing Committee until seven (7) days prior to arrival. Changes after that date will not be accepted.

All the delegations will be assisted to dispatch the Police and Customs procedures and escorted to the bus. Travellers will meet the assistants near to the baggage collection upon arrival. In case of failure, contact the O.C. representative: Maria Teresa Imperatori + 39 335 8218 079 / +39 030 2593 099

Useful Information on the carriage of shotguns and ammunition on International Flights

As a rule before issuing any ticket the travel agency appointed to book the flights must make sure that both ammunition and the firearms are accepted on board the aircraft till the final destination.

The approval should appear in the electronic ticket (on the PNR Passengers Name Record) or on a separate message sent to the travel agency by the Airline Company.

The rules governing the carriage of ammunition and firearms are those of the Carrier who owns the aircraft therefore in case of flights made in code-sharing, the approval must come from both companies even if on the ticket the abbreviation of only one Company appears (i.e. AZ - AF - KL, EI, LH, etc).

Normally, the final decision to accept firearms and ammunition on board comes from the Captain/Airline Company, but once you have the “OK” on your flight ticket, the Company is responsible for having your firearms sent to destination.

In case of indirect flights it is advisable to consider a connection of at least two hours.
Upon landing at the first airport, report to the information counter and make sure that your firearms have arrived and will be taken on board of the connecting flight.

Still in case of indirect flights, avoid booking them with two different Airline Companies as most of the times the firearms will be discharged and let at the first airport and the owners will have to collect them and make a new check-in, provided the local Police and Customs Authorities do not cause problems of licenses. That will probably cost extra security and boarding tax and, sometimes, extra-baggage fees. If passengers are not

informed they risk to arrive at the final destination without knowing that their shotguns have not been loaded on the connecting flight and are laying in the previous airport.

In many countries even in transit and the baggage is labeled till destination, the control of firearms is made at the first airport of arrival and this is why it is advisable to keep the situation under control step by step.

All firearms and ammunition must be declared while making flight reservation and at check-in and follow the procedure reserved to these special articles. It is a big mistake to pack them into normal bags and dispatch them as normal baggage because in case of loss it will be very difficult to find the firearms in a short time and, last but not least, owners will be liable to heavy fines.

As for Italy, Police and Customs formalities for ammunition and firearms must be dispatched at the first airport of arrival on the Italian Territory. They will be taken by the Security guards to the Police station located inside the international area where each gun's holder will collect them and, if the airport of arrival is not the same of destination, it will be necessary to make a new police control and a new check-in at the domestic departure area.

To avoid such a big trouble, we suggest all the athletes direct to Lonato Del Garda to book their flights in order to land directly at one of the Northern airports listed in section 9 of this General Information even if not all of them are considered as "official airports" for the event.

In NO case ammunition is allowed to be packed on carry-on baggage or with the firearm. It must be packed into a separate ammunition box matching IATA Regulations (polythene - metal - wooden).

Firearm Security Tax – Firearm Boarding Tax

At departure from Italy depending on the different Airline Companies, airport and destination, passengers will be charged a "Firearm Tax" and/or an additional "Security Tax" for their shotguns. At Verona airport the "Security tax" is charged also at arrival.
